

As a below named joint inventor, each of us hereby declares as follows:

My residence, post office address and citizenship are as stated below next to my name.

I believe that I am an original, first, and joint inventor of the subject matter which is claimed and for which a patent is sought on the invention entitled:

METAL CHELATE CONTAINING COMPOSITIONS  
FOR USE IN CHEMILUMINESCENT ASSAYS

the specification of which is filed herewith. I have reviewed and understand the contents of the above-identified specification, including the claims.

This application in part discloses and claims subject matter disclosed in my earlier filed copending application Serial No. 07/704,569, filed May 22, 1991, of which I claim the benefit under 35 USC §120.

I acknowledge the duty to disclose information of which I am aware that is material to the examination of this application in accordance with 37 CFR §1.56(a), including material information which occurred between the filing date of said prior application and the filing date of this continuation-in-part application, insofar as the subject matter of the claims is not disclosed in said prior application in the manner provided by 35 USC §112, first paragraph.

That, as to the subject matter of this application which is common to said earlier application, I do not know and do not believe: that this invention was ever known or used in the United States of America before our invention thereof; that this invention was patented or described in any printed publication in any country before our invention thereof or more than one year prior to said application; that this invention was in public use or on sale in the United States of America more than one year prior to said application; that this invention has been patented or made the subject of an inventor's certificate issued before the date of said application in any country foreign to the United States of America on an application filed by me or my legal representatives or assigns more than twelve months prior to said application; nor that any application for patent or inventor's certificate on this invention has been filed in any country foreign to the United States of America prior to said application by me or my legal representatives or assigns.

That, as to the subject matter of this application which is not common to said earlier application, I do not know and do not believe: that this invention was ever known or used in the United States of America before our invention thereof; that this invention was patented or described in any printed publication in any country before our invention thereof or more than one year prior to this application; that this invention was in public use or on sale in the United States of America more than one year prior to this application; that this invention has been patented or made the subject of an inventor's certificate issued before the date of this application in any country foreign to the United States of America on an application filed by me or my legal representatives or assigns more than twelve months prior to this application; nor that any application for patent or inventor's certificate on this invention has been filed in any country foreign to the United States of America prior to this application by me or my legal representatives or assigns.

DECLARATION AND POWER OF ATTORNEY  
IN COPENDING APPLICATION  
CONTAINING ADDITIONAL SUBJECT MATTER

27310 CIP

I hereby appoint the following attorneys to prosecute this application and to transact all business in the United States Patent and Trademark Office connected therewith:

Theodore J. Leitereg, Registration No. 28,319  
Shelley G. Precivale, Registration No. 31,411  
John A. Dhuey, Registration No. 26,265.

Direct all telephone calls to Theodore J. Leitereg at telephone number (415) 852-1091.

Address all correspondence to Theodore J. Leitereg, Patent Law Department, Syntex (U.S.A.) Inc., 3401 Hillview Avenue, PO Box 10850, Palo Alto, California 94303.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of this application or any patent issuing thereon.
